

Welcome to the Cottages!

We are excited to be able to welcome you here again. As we continue to deal with the COVID-19 Pandemic, additional precautions are required to keep our residents and their guests safe from possible infection. We understand that these precautions can seem burdensome, but please know that we are following best –practice procedures to avoid infection.

As you visit, please keep the following in mind:

- ***We encourage all visitors to be fully vaccinated prior to visiting. We also encourage you to get tested within 72 hours prior to your visit.***
- Please sanitize your hands before entering and after leaving the visitation area.
- Please wear a mask at all times while on the grounds of our facility. A mask will be provided to you.
- All visits will take place in the resident’s room with the door open (for supervision purposes). Or on the screened porch (weather permitting.) Visitors must be at least two years of age or older.
- ***Please maintain social distancing and wearing a mask—unfortunately physical contact must be avoided unless your loved one has both been fully vaccinated (2 weeks after the 2nd vaccine of Pfizer or Moderna, and 2 weeks after receiving the Johnson & Johnson vaccine).***
- Please adhere to all instructions provided by the Cottages staff.
- If your loved one needs assistance, please alert one of our staff and they will assist.
- Visits currently have a limited 30 minutes duration (subject to change), please respect time limits to allow for cleaning prior to the next scheduled visit period.
- Please do not come to the facility to attend a visit if you are exhibiting any signs or symptoms, fevers or if you have been recently in contact with an individual with a suspected or confirmed case of COVID-19.
- Please note that our facility will have the discretion to test visitors if we feel that it is deemed necessary in certain extenuating circumstances.
- Please be respectful of, and avoid contact with other residents and visitors.
- Please do not hand food items to your loved ones. Please give the food items to staff so we can ensure that all diet restrictions and/or consistencies are followed.
- Pets are not allowed at this time. Staff will be happy to answer questions.
- ***Visiting Hours: Monday-Friday 8am-4pm- please get screened and get a pass at our administrative offices located in the Twin Rinks building (silo entrance.) If you visit outside of these hours, please go to the cottage in which your loved one resides to be screened. Please be advised that you might experience a longer waiting time due to staff assisting residents, which is our priority.***
- Additional information: Updates surrounding visitation will continue to be communicated via family email.

Visitors will be required to leave at any time if they are unwilling or unable to comply with visitation guidelines or direction from staff. If there is continued non-compliance, visitation will be suspended indefinitely.

Thank you for helping us to keep our residents safe.
